Montana FSA State Executive Director Nelson appointed as Acting Administrator of national Farm Service Agency

USDA Montana Farm Service Agency State Executive Director Bruce Nelson has been appointed as Acting Administrator of Farm Service Agency, the Obama administration announced May 2.

"It has been an honor and privilege to work for the hardworking farmers, ranchers and FSA employees across Montana," Nelson said. "While Montana has always been our home and always will be, I'm thankful for the opportunity to work for agricultural producers here at home and across this great country."

Nelson replaces Acting Administrator Val Dolcini, who will return to his role as FSA State Executive Director in California. Dolcini had served as acting administrator since Feb. 15 replacing Jonathan Coppess who left the position to serve as Chief Counsel to the Senate Agriculture Committee to begin work on the 2012 Farm Bill. Current Montana FSA Chief Administrative Officer Richard Deschamps is serving as acting state executive director in the Bozeman state office.

"Secretary Vilsack and I are confident that Bruce's strong foundation of farming, executive and leadership experience will make him a great leader for the Agency," Acting Under Secretary Michael Scuse said in a statement announcing the change.

Nelson has served as the State Executive Director of Montana since 2009, and previously served as SED from 1993-2000, when he was awarded the Administrator's Distinguished Service Award. He has also previously served as the Chief of Staff to Montana Governor Brian Schweitzer and holds an executive role at Triangle N Farms, Inc. For several years Nelson served as a Construction Project Manager with the Zoot Construction Company. He received the USDA Secretary Honor Award in 1995 and also received the National award from the Intertribal Agriculture Council in 2000. He spent many summers working on a family farm and holds a bachelor's degree in political science from the University of Montana. He and his wife, Nancy, have three grown children.

DCP and ACRE Sign-up Deadline is June 1

Sign-up for the 2011 Direct and Counter-Cyclical Payment (DCP) Program and Average Crop Revenue Election (ACRE) Program will continue until June 1, 2011. For DCP Enrollment, FSA urges producers to contact the County FSA office ASAP to complete their 2011 DCP contract or make use of the eDCP automated website. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2011, eligible producers may request to receive advance direct payments based on 22 percent of the direct payment. The Average Crop Revenue Election Program (ACRE) Option provides a safety net based on state revenue losses and acts in place of the price-based safety net of counter-cyclical payments under DCP. A farm's payment is based on a revenue guarantee calculated using a 5-year average state yield and the most recent 2-year national price for each eligible commodity. An ACRE payment is issued when both the state and the farm have incurred a revenue loss. In exchange for participating in ACRE, a farm's direct payment is reduced by 20 percent, and marketing assistance loan rates are reduced by 30 percent. The decision to enroll in the ACRE Program is irrevocable. The owner of the farm and all producers on the farm must agree to enroll in ACRE. Once enrolled, the farm shall be enrolled for that initial crop year and will remain in ACRE through the 2012 crop year. Visit www.fsa.usda.gov/dcp or contact the local FSA county office for additional information on the ACRE program.

2009 SURE Sign-Up Deadline is July 29

Signup for the SURE program for the 2009 Crop Year began on Jan. 10, 2011 and will end on **July 29, 2011**. To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance and a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. Producers that have a farming interest physically located in a county that was declared a primary disaster county by the Agriculture Secretary under a Secretarial Disaster Designation or a contiguous county and meet the above criteria are eligible for SURE. All but three counties - Carter, Fallon and Powell - were designated as a primary or contiguous disaster county in 2009. Last fiscal year, Montana administered more than \$36 million in SURE funding for the 2008 crop year. In the absence of the Secretarial Disaster Designation producers may be eligible if they suffer at least a 50% production loss on the entire SURE farm due to a natural disaster.

2011 Prevented Planting final report date

If you intended to plant crops/acres this spring and were prevented from planting due to a natural disaster, you must file a CCC-576, Notice of Loss, within 15 calendar days of the final planting date for the crops/acres with FSA. Final planting dates vary by crop. If you were prevented from planting insurable crops then please check with your crop insurance agent for the applicable final planting date or if you have NAP crops that are prevented planted then please contact FSA. If a request for prevented planting is not filed within 15 calendar days of the final planting date, it is considered late filed and will require a minimum of \$46 to have an on-site inspection completed to determine that the natural disaster condition was evident. If the disaster condition that prevented the crop from being planted is no longer apparent, then the FSA-576 will be denied and no benefits will be applicable. If you have insured crops that were prevented planted then you may be required to provide proof that you filed for prevented planting credit with crop insurance. The COC may also request that you provide receipts or invoices showing you had inputs (seed, chemical, fertilizer, etc.) available to plant the acres claimed as prevented to establish your intent of planting. It is important that the FSA-576 be timely filed and approved for a possible 2011 crop disaster program (SURE) or for acreage history credit. Approved preventive planted acreage may also be eligible for ACRE payments.

Livestock Indemnity Program

The Livestock Indemnity Program (LIP) provides assistance to eligible livestock owners and contract growers for eligible livestock deaths in excess of normal mortality due to adverse weather including losses due to floods, blizzards, disease, wildfires, extreme heat, and extreme cold. For 2011 losses, producers must file a notice of loss the earlier of either 30 calendar days of when the loss of livestock was apparent to the participant or October 31, 2011. A notice of loss can be reported to the office by phone, fax, or e-mail. To be considered eligible, livestock deaths must have died before October 1, 2011, and in the calendar year for which benefits are being requested. An Application for Payment may be filed at any time in 2011, but must be filed no later than 30 calendar days after the end of the calendar year in which the loss of livestock occurred. Please contact the office for additional eligibility requirements. A list of eligible livestock is available at www.fsa.usda.gov/mt.

Verify FSA Payments Reported to IRS

If you received a CCC-1099-G to assist with reporting FSA payments to the Internal Revenue Service (IRS) please make sure you verify the amounts shown. Refunds are no longer reported on the CCC-1099-G. If you have questions concerning the CCC-1099-G or the amounts listed on the form, please contact the FSA office for assistance.

2011 Acreage Reports Filing Deadline: July 15

County offices are in the process of getting the 2011 compliance map packets together for acreage reporting purposes. The compliance maps will be mailed or made available at the FSA county office for producers. Please follow the instructions closely for completing the maps to ensure that all the cropland and rangeland is reported if required for program eligibility. The deadline to file 2011 acreage reports is **July 15, 2011**.

Soil or Gravel Removal and Other Land Changes - Caution

If you wish to plant an agricultural commodity on any land where any soil or gravel has been removed, please work with the local NRCS and FSA offices in advance to avoid the possibility of any non-compliance and loss of benefits. To be eligible for USDA benefits, all producers planting agricultural commodities on predominantly highly erodible fields are required to do so according to the provisions of an acceptable conservation system/plan to ensure adequate residue exists. The NRCS can assist you in developing an approved conservation system/plan, if applicable, for the farm.

Farm Divisions/Combinations Must Be Requested By August 1

If you have sold, purchased, or leased a farm or part of a farm, please notify this office immediately. If you need to request a farm division or a farm combination for 2011, the deadline to submit the request is August 1, 2011 for those farms participating in DCP/ACRE. If requests are not filed timely, it may be difficult to complete 2011 contracts with all required signatures for the farm. Requests received after August 1, 2011, will be processed for 2012.

*****Montana FSA Newsletter Notice *****

Non-active agriculture producers must "opt-in" to receive future newsletters

Effective March 1, 2011, the Montana Farm Service Agency has issued a new newsletter policy geared toward improving FSA newsletter delivery and efficiency to the individual farmers, ranchers and agriculture community. FSA newsletters will continue to be sent to active agriculture producers as determined by the county FSA offices. No action is needed for active producers unless your household or business is receiving duplicate newsletters in which case you should inform your local county FSA office. If you are not an "active" producer but are a landowner or are interested in receiving or continuing to receive a FSA newsletter, you must inform your local county office that you'd like to "Opt-in" and be added to the newsletter mailing list. In addition, you can choose to receive your newsletter electronically. Each newsletter not mailed saves the agency and taxpayer \$0.39. To request the electronic newsletter be emailed to you, please contact your county FSA office.
